also, brrr-cky, I'm going to be writing a story about an AU where WoF dragons are on earth, and coexist with humans in modern society. it will be following a group of seawing soldiers on special assignment off the east coast of africa, and I need seawing names.

@night

for seawing names, try looking up "list of fish in (the gulf of mexico/the atlantic ocean/some other oceanic area)" or other similar search terms.

Hi Becky, below is a post that was copied from a "Summoning Becky B" post I made about a week ago, however you didn't respond/didn't see it so I decided to post it here. Here is the original post:

Hellos Becky B, I was just wondering if you have taken both of the quizzes on this site and, if so, which answers have you gotten?

Also, for some reason, whenever I try to use an emoji on a post, it never pops up. I can see other people's emojis just fine, but I can never

see mine.

**On the Dragon Tribe Quiz, I got a SeaWing, and on the Mythical Creature quiz, I got a dragon. Both are answers I'm pleased about!

I sent in SEVEN battle posts for Stormbringer's Arena RP Rebooted. It's for my RainWing OC Vapor. None of them have come through. Does Phil have a problem with Vapor?
Also, I sent in a Study Thread, like the SAMB one. Basically forumers help each other with their studies. It hasn't come through either. DOES PHIL HAVE A PROBLEM WITH STUDY THREADS AND RAINWING BATTLES?

~~*Oh my gosh, there's so many unread posts on here, I'll have to go back and read them all sometime...*~~

Hey Becky, I think a couple of people might have mentioned this a while ago, but I have a problem where I can't log into my account. I leave all my tabs open on my PC so I don't accidentally get logged out on here, but when I try to log in on mobile, I get a note saying that there's no match for my username and password. I rechecked everything several times, but it still didn't let me log in. Then I tried logging into an alt account and it worked perfectly on the first try?

This was a little while ago, so it might have been fixed now, but if it isn't, could you please check it out?

Hear yea hear yea, here's the newwwssssss~~~~!

[Announcement]

No announcements today

[Question Corner]

@Brine Fluffy dog. Though cats are really adorable and lovely I'm a dog person in the end.

@Wild @Twilight hahahaha

@Twilight I did not know there was a dragonet fish family! That's so cool! The blobfish is just so goofy. Can you imagine if there were a dragon tribe based off them? :D My fave color is either blue or red depending on my mood.

As for your posts that got caught, let's see... The study group got caught because it considered your debate topic to be political content. Debate as a subject will be rough to discuss on the forums, as there's really no way to tell if people are debating as practice or actually having an argument. Otherwise I think having a study group is a great idea! Your arena scenes are sometimes very visceral in their descriptions of violence.

Sidenote, you wrote "snadwing" in one of your posts and now I'm just picturing a really derpy sandwing. So cute.

@Zane Let's see... you posted some stuff in Japanese, but the only language the forum supports is English sorry :(I think I found the star post you're referencing, and it was filtered due to something you said about a religion in the same post. Not sure if you were joking around or not, but please be respectful of other religions. I don't actually see your Inactivity notice, did you post it over a week ago? The new game....well, let's just say I'm currently working on a really big announcement that will answer many of your questions.

@Nightengale Sorry for the delay - looks like the filter was just slow when you tried to post, I see all your posts in the past few days have all come through.

@Night Is that your Makala post? You really think about the transportation system and technology of your worlds which is pretty awesome.

@Tidalwave I got Starflight the NightWing and I got a Fuzzle on the mythical creatures quiz. I do enjoy naps and don't like being stressed out so Fuzzle makes sense. It comes from Pip Bartlett's Guide to Magical Creatures! Sounds like you are very dragon-y :)

@Atlas You'll have to explore! There are definitely some less well known forums floating around.

@Crevice Chat isn't coming back to the website, but it will be in our new game.

@Sorrel Can't do hugs but *extreme high five*

@Fairydragon Have you tried sending yourself a password reset email? Do you have any alt accounts made on the same email? There is some extreme funkiness when multiple accounts are made using the same email.

[Forum Prompts]

You've moved into a giant mansion - that moves. It stands with giant chicken legs and hops around the world.
